

Website Developer / Designer – Keswick, Lake District

Ready to join a long-established and trusted Lake District IT & Web Development Company with arguably one of the best office views in the UK?

We are looking for a talented website developer / designer to join our growing digital marketing team.

Role info:

Website Developer / Designer

Keswick, Lake District / Remote Flexibility

£25,000 - £30,000 depending on experience.

Who we are:

We are an IT & Digital Services company, covering managed service contracts, servers and network installations, wired & wireless networks, VOIP and website design and hosting.

KCS offices are in the Lake District National Park, with stunning views overlooking the breath-taking Skiddaw Massif and beyond. The area is a hub for top-class outdoor activities with some of the finest walks and outdoor goings-on in the country.

This role is physically based at our office just outside Keswick and there is flexibility to allow for 1 to 2 days of remote working.

The Website Developer / Designer Role

Our ideal candidate should be able to :

- Program in PHP, HTML, CSS (or SCSS) and Javascript
- Take designs from mockup to working website
- Work with the WordPress CMS and page builders (WP Bakery, Elementor, Divi)
- Solve problems (especially when debugging code!)

We'd especially like to hear from you if you have:

- Experience with AWS / Google Cloud
- Experience with the Laravel framework
- Experience developing custom WooCommerce plugins / products
